STABS JUDGE DIVELBISS

R. S. Lyons, Editor of Richmond Conservator, Attacks Richmond Judge.

Richmond, Mo., April 7.—Circuit Judge Frank P. Divelbiss of this city was stabbed nine times by Robert S. Lyons, editor of the Richmond Conservator, who had been arrested. It is supposedly as a result of a political feud, Divilbiss being a candidate for the Democratic nomination for congressman from the Third district at the last primary election, and Lyons being a supporter of Judge Alexander of that district. Lyons was released after Divelbiss said he would not file charges at this time.

PEACE CONFERENCE ADDRESS

James T. Nichols, Back From Europe to Tell of Meeting at First Christian Church.

James T. Nichols of Des Moines, Ia., who has just completed a trip through Europe during which he was present at several sessions of the Peace Conference in Paris, will tell of his experiences next Wednesday night at the First Christian church, the subject of his address being "The Peace Conferenec."

Mr. Nichols traveled hundreds of miles through the war devastated regions of France and Belgium and was present in England at the time of the great labor strikes. He was one of the two hundred spectators from all over the world who were admitted to the peace conference. He will tell of the manner in which President Wilson's leadership is recognized by the statesmen of the world, and will give a minute description of the great meeting.

HOPKINS IN TWP. S. S. MEET

District Convention Meets Yesterday—Many Interesting Subjects Discussed.—County Divisional Superintendents Attend.

A convention of the Sunday schools of Hopkins township, was held at Hopkins Sunday afternoon with a good attendance and an interesting program.

The officers chosen were Rev. R. R. BOYS SHOW BIRD HOUSES

Waldo Lemon Awarded First Prize in Boy Scout Exhibition—Plan Another Show April 19.

The bird house exhibit held under the auspices of the Boy Scout Organization of this city, Saturday night at the Scout headquarters under the personal direction of Scout Master M. A. Peery, was attended by over 200 people, and plans are now being made for another exhibit to be held a week from next Saturday night April 10.

Over forty entries, the handiwork of the Boy Scouts and other lads of Maryville, were shown, and the prizes were awarded according to a system of points in which workmanship and originality were the governing factors. A bird house containing 13 rooms, designed and built by Waldo Lemon was awarded the first prize, a Scout knife.

The other prize winning exhibits were shown by Townsend Godsey, second; Don Bellows, third; Harold Green, fourth; Sherman McLeod, fifth and Billy Simonds, sixth.

Honorable mention was given to the exhibits of Edward Tindell, Floyd Cook, John Curfman, Charles Yehle, Harold Miller, Donald Zook and Ned Colbert.

Scout Master Peery announced that the next exhibit will be held at the same place in the Scout Headquarters, and that any boy in this vicinity whether he be a member of the organization or not, is invited to build a bird house and place it on exhibition.

NEW BOARD MEETING

FIRST COUNCIL SESSION UNDER NEW FORM TONIGHT

TO APPOINT A JUDGE

To Take up Matter of Members Salary —Other City Questions To Be Discussed.

The first meeting of the Board of Commissioners under the new commission form of government in Maryville will be held tonight at the city hall, Mayor O. W. Garrett, and Commissioners Roy Curfman and G. B. Roseberry constituting the members of the ocuncil.

One of the principal actions which will be taken at tonight's meeting will be the appointment of a police judge to take the place of the Mayor, who heretofore acted as arbitrator in all city cases. Mayor Garrett announced this morning that Squire W. L. Johnson has been selected for the position and that he will be formally appointed at the meeting tonight.

Another matter which is to receive the attention of the council will be the setting of a time when the offices now located in the city hall building will be moved over to the Library building. Mayor Garrett explained that the rent for the building where the city hall is now housed has been paid up for one month in advance and that it will not be necessary to move the offices until May 1 at the latest. The workshop of the waterworks, he said, which are also located in the city hall building are to be moved to the fire station.

According to the new system of government, the old ordinances are to remain in effect until they may be annuled or ratified by the action of the Commissioners. The plan so far, it is announced, will be to retain the present ordinances until a necessity is found for their change or abandonment.

Mayor Garrett announced that meetings of the new board will be held frequently during the next few weeks until the new system of government is placed on a firm basis of understanding.

A part of the session tonight will be taken up with a discussion of the amount of salary which each commissioner is to receive for his work, and it is expected that a definite figure will be named.

A preliminary or informal meeting of the Board was held Saturday night at which the Mayor and Commissioners in a round table discussion talked over the prospects and problems which will confront them. Several appointments were tentatively decided, it is said, although no definite action could be taken until a regular meeting.

BALKANS FACE IMPERIALISM

New Jugo Slav Nation Includes Large Territory.

Paris, April 7.—The Narodni Novine writes that the demoniac horror of imperialism is showing itself over more terrible in the Balkans and threatens more horrible sonsequences. Possibly those who have taken up the task of regulating the destiny of the Jugo Slav nation have gone mad to the point of showing that their greed has no bounds. The map of the new Jugo Slav just issued embraces all of the old Austro-Hungarian littoral from the border of Tyrol to Spizza. It includes Montenegro, and the greater part of Albina, it penetrates to the sea without regard for the Greek people and comprehends all of Macedonia, even in those ports where the Bulgars predominate.

It extends along Banat, Bacau and Medgyea, thereafter crossing regions which are wholly Maygar and Rumanian. It takes in territory of Carinthia and Stiria, which is almost wholly German. As if that were not enough it proceeds across German Stiria and Lower German Austria, grazes the suburbs of Gratz and runs several kilometers beyond Vienna at the border of the Czecho Slovak state. All of this is exactly as the priest, Korosetch would have it.

Still unsatisfied, colonial aspirations are stimulated. The Slovene clerical sheet steadily urges the Jugo Slav delegates to the peace conference not to neglect their colonial question in any case.

"Already Austria," the newspaper says, "aspired to the possession of Cilicia, and Jugo Slavia, as a Mediterranean state, is the heir of Austria and should demand that colony for herself."

COOPER'S MAJORITY IS 1392

The Official Vote in County Superintendent's Race Was 2,079 for Cooper and 687 for Pierce.

Bert Cooper was re-elcted county superintendent of schools by a majority of 1392 over J. W. Pierce in last Tuesday's election. The vote was cast up Saturday by W. L. Johnson, justice of peace, of the various school districts over the county and Cooper received 2,079 and Pierce 687.

LYLE CASE UP TODAY

THE TAKING OF TESTIMONY BEGAN LATE THIS AFTERNOON

JURY PANEL OF 24 CHOSEN

Young Boys, John Thompson, George Gibbs and Charles Thompson Sent to Reform School.

The jury selected late this afternoon was composed of the following: Henry Russell, James B. Horton, Thomas Merrigan, John R. Plummer, A. H. King, J. L. Ballard, Dave Seckington, Ira Hodges, A. R. Robinson, Sam Smith, Luther Clary and George Cole.

The taking of testimony in the case of the State vs. John Sewell, Harry Todd, Neil Somerville, Mose Hahn, Edward Curfman and C. F. Remus, on a charge of felonious assault, Rankin Lyle being the prosecuting witness, commenced about the time we were going to press this afternoon. Up to that time the panel of tweny-four purors had been selected but the jury of twelve had not been chosen, as both the attorneys for the state and defense were out, striking off jurors. The state can strike off four of the panel of twenty-four and the defense eight. The panel is composed of the following:

Frank Pittsenberger, L. B. Campbell, Henry Russell, John Campbell, James B. Horton, Tom Merrigan, George Shoptaugh, J. C. Fryer, Robert N. Barber, John Plummer, Andy Pride, June Blagg, A. H. King, Millard F. Fakes, W. F. Brittain, J. L. Ballard, Ed Crain, Dave Seckington, Ira Hodges, A. A. Robinson, Steve Reach, Sam Smith, Luther Clary and George Cole.

At the conclusion of the morning session, eleven jurors of the panel of twenty-four had been selected. Sheriff Dowden was ordered by the court to call in more men for the jury so as the panel would contain twenty-four jurors.

Five were excused from the panel at the morning session on account of having formed an opinion as to the case and on account of being relating to the defendants.

John Thompson and George Gibbs on a charge of burglary and larceny, were sentenced to the reform school for a term of two years when they pleaded guilty to the charge. The boys are about 17 years ond and their home is in Rockford, Ill. They were recently arrested for stealing some money and other articles from the Martin Pederson home near Guilford. Thompson's brother, Charles Thompson, who is under 16 years of age, was sent to the reform school in juvenal court.

Elmer A. Hunter on a charge of assault and battery, having been arrested last Friday, entered a plea of not guilty.

LIGHTNING CAUSES A FIRE

Big Barn on Workman Farm and Most of Its Contents Burned Last Night—Horses Saved.

A large barn on the Billy Workman farm, eleven miles northwest of the city was struck by lightening last night about 9:30 o'clock, and the building and most of its contents burned.

The barn was 54 by 72 feet, well built and valued at $2,000. The loss of the contents, owned by Ed Sherlock, tenant on the farm, is approximately $1,100 and included one cow, farm machinery, hay, grain and other supplies. The horses in the barn and several sets of harness were saved.

Ray Puckett Released.

Ray Puckett, the son of Rev. and Mrs. T. J. Puckett of this city, arrived in New York Saturday after several months overseas in service in the hospital corps. Young Puckett was a student in the medical department of William Jewell college at the time of his enlistment.

On Western Visit.

Mrs. Charles Moore of Ravenwood, has gone to Everett, Wash., to spend several months with her parents, Mr. and Mrs. Jeff Garrett.

INTERESTING TRIP

CHARLES WILES VISITS THE VERSAILLES FRANCE

WRITES OF EXPERIENCES

And of the Many Places He Got to See on His Leave to Paris of Four Days.

The following letter was written by Charles Wiles, who is in Neufehateau, Vosges, under date of March 14, to his brother Carl Wiles of this city:

Dear Folks:

I received your leter yestreday and am very glad to find that you are all well.

Well I just returned from my leave in Paris. Two other fellows that work in the office went with me. We got four nights and almost four days there and sure enjoyed ourselves.

On the first day, in the forenoon we walked about the city, and saw some of the beautiful buildings, statues, bridges, etc. In the afternoon we went to Versailles, which is a few kilometers out of Paris. We went there with a young lady from the Soldiers and Sailors club. In one of the packages you will find two books of pictures, one of Paris and the other of Versailles. In one of these books, I don't remember which one, you will find a picture of the bunch. This was taken in the King Louis XIV Summer Musical Garden.

The Palace at Versailles was begun by King Louis XIII and was completed by Louis XIV who almost put the French government into bankruptcy building it. This caused the French Revolution and formed the present Republic.

It is twenty-seven miles around these grounds. They are covered with lakes, fountains, statues and everything possible to make them beautiful.

You can get some idea of these gardens in the pictures.

The Palace is about 500 years old. It was built about the 12th century. It is an enormous structure and sure is beautiful. The inside is made of marble and bronze. The walls have large paintings of Kings, Queens and other members of Royal families. There are also many paintings of Soldiers, battles, etc. They are sure fine and look like real life. The ball room is sure one fine piece of work. It is about fifty feet wide and about 200 feet long. In one corner of this room the Peace terms of 1870 were signed giving Alsace Lorraine to Germany. The present peace terms will be signed here on the same table and in the same corner giving Alsace-Lorraine back to France. In 1914 when the Germans were within 35 miles of Paris, the Kaiser gave this Palace to the Crown Prince. For some reason or other he never occupied it. I don't know what is the matter, but think the "Yanks" had something to do with it.

Be sure and save all pictures and cards as there is a story connected with each one of them.

We were also in the room where they elect their president. They elect him every seven years, instead of four like we do. We spent the afternoon out there and could have spent a week there.

We went to the opera that evening. It sure is some beautiful theatre. It was built several centuries ago and was the National Academy of Music. It is now the Theatre National de-l'Opera. We saw the Queen of Roumainia there. She is very nice looking and dressed plainly.

The next day we took a walking trip around the city. We went to the Pantheon de la Guerre, where we saw the painting of the war. It is about 48 feet high and about 00 feet long. Every nation of the Allies is represented on it. It sure is a wonderful piece of work. The cards that I send you show only part of it. You can get an idea of it. Notice how the horses, guns, and faces stand out on it. We went from here to the Hotel de Invalids, where the tomb of Napoleon is. This is a home for old soldiers. You will see a picture of Napoleon's tomb in one of the books. It is made of solid marble, mahogany in color. The whole bowl and tomb was covered with sand bags during the war. The altar in the background is sure great. This building is so located and the windows are so arranged that they throw the sunlight on it all the time. It looks like a large lump of gold. This is the only place in the world that has this kind of lighting. The darker the day the more light they have on the altar. This same architect that designed this building tried to do the same with the Vatican at Rome but failed. Others that have

CONSIDER ADRIATIC CLAIM

President Wilson Much Better—U. S. S. George Washington Is Ordered to Brest.

Paris, April 7.—President Wilson is much better today. He worked in his bedroom inspecting expert reports on conditions in Germany. Colonel House sat in for the President at the meeting of the "Big Four" which is now considering the Adriatic claim.

Paris, April 7.—President Wilson has ordered the Liner George Washington to proceed from the United States to Brest immediately. While no official explanation was forthcoming this afternoon, at a meeting of the members of the American Commission it was pointed out that the progress of the negotiations probably will permit the President to leave for home any time he desires after the next ten days.

THE YEARLY REPORT

PRESBYTERIANS GIVE $11,140 TO CHURCH AND BENEVOLENCES

FILL OFFICIAL BOARDS

Number of Administration Boards Reduced to Six Each of Trustees and Elders.

The annual report and election of trustees and elders for the First Presbyterian church, took place yesterday at the morning service.

A slight change was made in the church administration by reducing both the boards to six members each instead of eight as heretofore. The board of elders is now composed of T. M. C. Neff, C. E. Wells, Joseph Jackson, Sr., G. H. Colbert, Roy J. Curfman, and Charles Wadley and the board of trustees of John Richey, Hal T. Hooker, Fred French, Roy Lippman, L. H. Evans, and Joseph Jackson, Jr. These boards will meet in an executive session this evening to elect the other church officers.

The financial report for last year shows a total amount contributed of $11,140. Of this amount $2,760 was given to church support of the local church; $3,606 was given to church benevolences and $4,774 to general benevolences. The last named amount was gifts made to Red Cross, Y. M. C. A., war relief movements and all other benevolences outside of those especially called for by the Presbyterian denomination.

The budget of expenses and benevolences for the coming year is not yet made up but the work will be finished some time this week. An extra pledge for the New Era reconstruction work has been asked for the coming year and each church in the Presbytery is reported to have exceeded its quota except the local church and the canvass is not finished yet.

WEATHER FOR TODAY

Unsettled with showers and thunder storms this afternoon and in the east and south portions tonight, colder tonight; Tuesday partly cloudy and colder; strong shifting winds.

STRIKE IN GERMANY

AGITATION GROWING THROUGHOUT WESTERN GERMANY

BOLSHEVIKIS ARE ACTIVE

Communist Revolution Expected in Germany and Austria—Mutiny in Russian Bolshevik Army.

London, April 7.—A general strike is spreading in western Germany as the result of Communist propaganda, said a German wireless picked up here today, giving a summary of the German situation. The food situation west of Phalia is said to be serious.

London, April 7.—The Bolsheviks are continuing the concentration of troops and munitions on the Archangel front for a big drive in the spring against the Allies and American forces said a Central News elsingfersdisuat.

Copenhagen, April 7.—Martial law has been proclaimed in Serbia as the result of a declaration of war made against that country by the Soviet government of Hungary, it was reported from Vienna today.'

Copenhagen, April 7.—German reinforcements are being rushed from Berlin to Weimar to protect the national assembly, according to Berlin advices. It is feared in Berlin that a movement at Weimar against the national assembly will gain dominance and there is much anxiety at the German capital.

Washington, April 7.—A communist revolution is imminent in Germany-Austria, according to advices reaching the state department indirectly from Vienna this afternoon.

Copenhagen, Apirl 7.—Mutiny has broken out in the Russian Bolshevik army in Northern Lithuania. Some of the soldiers have refused to fight the Bolsheviki and are withdrawing from that district.

Berlin, April 7.—The Bavarian government is in full flight from Munich to Bromberg, according to news from Munich. The proclamation of a Soviet government is regarded as only a question of hours, at least according to the reports from the Bavarian capitol.

Berlin, April 7.—A Socialist newspaper prints a statement by General Von Stock Hausen, Chief-of-Staff, in which he is quoted as saying "For us German military commanders these disturbances are the best thing possible, because they are giving people into our hands by awakening the old military spirit." "We won't surrender again," the General was further quoted as saying.

London, April 7.—Bela Kun, the foreign minister in the Soviet government of Hungary has been assassinated and the government overthrown, said a Paris dispatch, quoting a dispatch received in Paris from Vienna

The Centrala Fireside Guard complaisn that women are working the fields of Boone county while able bodied young men both white and black streets of the towns unwilling to work for the wages they can get.

According to the Moberly Democrat, if the Democratic party should be defeated at the next election, the state board of equalization may claim credit as one of the chief contributors thereto. The antiquated ideas of the board of equalization certainly do need redrafting and repolishing.

Along with the fast disappearing freedom of men, the state legislature now proposes to take prom poor down trodden man the right to fish without a license. The federal government has taken his bait and the legislature now wants him to pay a license to sit on the bank of the creek.

The word comes that the President is recovering from his recent indisposition and everybody will be glad to know that it is not serious. The President takes upon himself heavy duties and great responsibilities and it has been generally feared that his strength and health might not be equal to the work he has planned.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

According to a statement by General March the estimated strength of the German army is now only about 820,000 the Bulgarian army has been reduced to 125,000, the Austrian army to 106,000 and that of the Turks to 70,000. The total strength of the Allies on November 11th last was 13,663,000 of which only 25 per cent has been demoblized. About 45 per cent of the American army has been discharged, leaving 2,055,718 still under arms on April 5th. Over 600,000 have been sent home from France and it is expected that men will be returned more rapidly from this time forward. The total estimated strength of the central powers, according to General March, is 1,125,000 or one seventh of their strength last November.

Record Price for Cattle.

Perhaps the largest average price ever paid for cattle at private sale in Atchison county was received Saturday of last week when L. W. Bigley sold seventeen Shorthorns to Ogden & Son, Maryville, Mo., for $13,175—an average of $775.

Mr. Bigley is rapidly coming to the front as a recognized breeder of quality Shorthorns and this high sale was made possible only thru persistent and intelligent effort to produce better cattle than the average. The fact that breeders of the standing of Ogden & Son recognized them as worthy of such a high price is perhaps the most reliable compliment that could be paid to the results Mr. Bigley has secured in his efforts as a breeder.—Fairfax Forum.

LOVINGTIME IN HUNLAND.

New Britain, Conn., April 7.—A local boy with the Medical Corps of the American Army of Occupation in Germany writes thus to his mother:

"You see a beautiful girl walking down the street. If she has silk stockings on, she is feminine. If she is singular, you become nominative. You walk across to her, changing to verbal and then become dative. If she's not objective, you become plural. You walk home together. Her mother is accusative. You become imperative. You go in and sit down. The little brother is an indefinite article. You talk of the future. She changes to the object. You kiss her and she becomes masculine, her father is present, things are tense and you are a past participle."

BITE "INDUSTRIAL ACCIDENT."

San Fransico, April 7.—Spider bite is an "industrial accident.' Because it is so decided, Benn Gresswell, late of the messroom of the steamer Manoa, was recently given an award of $303.91 against the Matson Navigation Company by the Industrial Accident Commission.

While working, on August last, when the steamer was near Manilla, Greswell was bitten by a spider.

A finger became infected and was subsequently amputated at a San Francisco hospital.

The award was for the loss of the finger.

A GOOD WAY TO SAVE

"In times like these when economy is so essential, I know of no better way to save than to have the entire family shod with Neolin Soles," writes B. F. Williams, Rochester, N. Y.

In his letter Mr. Williams tells of a pair of Neolin-soled shoes which he has worn constantly for four months. "The soles still look like new," he says.

You, too, will think there is no better way to save, when once you have tried shoes with these long-wearing, comfortable, and waterproof soles. They come in many styles for every member of the family. And good repair shops carry Neolin Soles for re-soling. They are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

"I FEEL JUST LIKE SHOUTING FOR JOY"

Mrs. Biggs Had No Idea Any Medicine On Earth Could Help Her As Tanlac Did.

"When I think about how much Tanlac did for me, I feel just like shouting for joy," said Mrs. Lizzie Biggs of Smithfield, Illinois, "For fifteen years I had stomach trouble," she continued, "and I couldn't eat a bite of anything without being miserable for hours afterwards. I also had bilious spells and my head would ache like an iron band was tied around it and often I would get as yellow as a pumpkin. I was nervous, too, and so restless and figety that often I couldn't go to bed and go to sleep but I would have nervous rigors and many a night I have laid awake waiting and hoping for morning to come and sometimes I couldn't lie in bed any longer and would just have to get up and sit in a chair, for the rest of the night, I finally got so weak that I couldn't have walked a block if I had been paid a hundred dollars to do it and I felt so bad all the time that life was a burden to me. I tried all kinds of treatments and medicines but none of them did me a bit of good and I began to think there was no hope for me at all.

"When I heard about Tanlac doing so much good and decided to try it I was too weak to go for a bottle myself and had to send my daughter. I didn't believe it possible for any medicine to do what Tanlac has already done for me. Before I finished the first bottle my strength began to come back and I could sleep better than I have for years. Of course I ordered some more and kept on taking it accoding to directions and now I feel as strong and healthy as I did thirty years ago. I don't have anymore bilious spells and the headaches are gone and my skin is clear again. When meal time comes I have a good appetite and don't have to worry about what I eat or how much because it all agrees with me. All signs of nervousness have left me and now when I go to bed I fall asleep almost as soon as my head touches the pillow. I don't have to send my daughter to the store for Tanlac now, as I can go myself and only the other day I walked down and bought six bottles. I weighed while I was down there and found I had gained twenty pounds. My daughter and I both think Tanlac saved my life and I never intend to be without a bottle of this grand medicine in my house as long as I live."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley.—Adv.

YOU SHOULD HAVE A GARDEN

Bureau of Labor Statistics Urges People to Plant It Early This Spring.

(By A. T. Edmonston.)

Jefferson City, April 7.—Every urban resident having access to a plot of ground available for horticultural purposes is again urged by Commissioner William H. Lewis of the Bureau of Labor Statistics, to plant it early this spring in radishes, lettuce, tomatoes, beets and vegetables to supply family needs and in this way to help to solve the still prevailing high cost of living. Where enough vacant land is available and the soil suitable for the purpose the raising of potatoes, onions and turnips is advocated to increase the 1919 supply of such foods.

Many vacant lots in St. Louis, Kansas City, and St. Joseph and other cities of the state, says Commissioner Lewis, can readily and quickly be turned into thriving vegetable gardens by men and women residing close to where they are located. Where a vacant space is large enough a neighborhood gardening club ought to be organized and vegetables grown on the community plan, each member putting in a certain number of hours, either daily or weekly as may be decided upon, and each paying his share of the cost of planting seeds and the necessary garden tools. All public libraries have books which give full information on how to successfully raise vegetabls, either on a large or small scale. In cities and towns which have water works a line of hose stretched from a near hydrant will furnish all the moisture needed for vegetables if the spring and early summer should be dry.

The reason why the Bureau of Labor Statistics urges every person who can possibly do so to raise his own vegetables, is that Missouri last fall planted every available acre in wheat owing to the federal guarantee of $2.24 a bushel at St. Louis. A shortage of certain garden commodities is threatened as a consequence, in the Central States

Barber, all of Skidmore, Mrs. Elvina Dawson and children, Pearl, Cleola, Mariana, Edwin and Lavern and J. T. Hays of Maryville. All departed wishing Mr. Hays many returns of the day.

Ballenger-Long.

At a pretty but very simply observed ceremony which took place at nine o'clock Sunday morning at the home of the bride's father, Mr. C. E. Ballenger, Miss Emma Pearl Ballenger became the bride of Mr. Lewis Calvin Long of Shenandoah, Ia The Rev. W. C. Ferguson, pastor of the First Baptist church read the marriage lines in the presence of the members of the family and a few friends. The bride was very becoming gowned in a taupe messaline with trimming of Belgian blue. For several years past she has been employed in the Alderman-Yehle store and previous to that in the Graham-Latimer store. Her kindly courtesy and pleasant manners have made her a host of friends in her business association. The groom is a son of Mr. and Mrs. I. E Long, living near Barnard and made his home there until the past two years when he has resided at Shenandoah. Those who witnessed the ceremony were Rev. and Mrs. Ferguson, Mr. and Mrs. Herbert Wamsley, Mrs Laura Jackson, Miss Naomi Armstrong, Mr. C. E. Ballenger and Miss Ella Ballenger. Mr .and Mrs Long left last night for Shenandoah where they will be at home in the future

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Ironic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Omaha, Nebr.—"From my earliest boyhood I have seen splendid results from Dr. Pierce's remedies. About eight years ago the 'Golden Medical Discovery' cured me of a hacking cough that had annoyed me for a long time, and I have used the 'Pleasant Pellets' for a number of years as a laxative whenever necessary, and have found them to be just as represented.

"I am always glad to recommend Dr. Pierce's remedies."—*Alex. A. La Londe, 5301 N. 24th St.*

Sessue Hayakawa in "The Honor of His House."

Sessue Hayakawa, the celebrated Japanese moving picture actor, will appear in "The Honor of His House," at the Empire this evening.

Sessue Hayakawa, the celebrated Japanese moving picture actor, will appear in "The Honor of His House," at the Empire this evening.

The basic situation deals with the love of two men, Count Onato of Japan and Robert Farlaw, an American ex-professor of the Sciences in Tokio, for pretty, fickle Lora, a half-caste girl, whose mother was a Japanese and her father an American. The opening scenes take place on board a trans-Pacific liner which is wrecked, leaving, oddly enough, as sole survivors the three principal characters in the drama.

Both men demand the girl. There is bitter enmity between them an a rescue party arrives barely in time to prevent serious trouble. Lora pleads her right to choose, and after they return to the ship the reaction drives Farlow to such excess in drinking that Lora, disgusted, accepts Onato.

Later, Farlow, reenters their lives and having reformed and become a famous man for Lora's sake, the old bond between them is strengthened. Onato becomes furiously jealous and is so blinded by his passion that he believes his wife to be unfaithful. In this state of mind he prepared an elaborate dinner, but, unknown to her, places a deadly germ in her wine.

The night following Onato's dinner, Lora learns that she is to become a mother and joyously announces the fact to Onato, who, thoroughly repentant and horrified at what he has done, works all night to find the antidote necessary to save her. How he is obliged to call upon his hated enemy, Farlow, for assistance in saving the life of his wife, and how he sacrifices his own life in the transfusion of his blood for hers, leaving her with a message to his child to carry on "the honor of his house," is skillfully and interestingly depicted.

BONDS ON EASY TERMS

Payments May Be Made Over an Extended Period.

Terms of payment in the new Victory Liberty Loan, announced yesterday, are the most liberal ever offered by the government. Deferred payments may be extended over a period of six months, from May 10 to November 11.

Secretary Glass announced that 10 per cent of subscriptions would be due with application, on or before May 10, another 10 per cent on or before July 15, and four subsequent installments of 20 per cent each on or before August 12, September 9, October 7 and November 11. Accrued interest on deferred installments will be due with the last payment.

Payment in full can be made May 20, if desired, the 10 per cent, with application, having been paid prior to May 10. Payments also can be completed on any installments date with accrued interest.

Terms of Fourth Liberty Loan permitted deferred payments only over four months and the installments were arranged so that 50 per cent became due in two weeks, from January 16 to January 30, 1919. In that loan banks subscribed for hundreds of millions of dollars and then allowed the public to pay for them over a period of ten months. If similar extensions are given in this loan, treasury officials said, the result should be a great stimulation of popular subscriptions.

MISSOURI STATE LETTER.

St. Louis, April 7.—George Diel, at one time a prominent business man here, died penniless in the City Sanitarium here recently.

Diel's business reverses in 1911 followed his spectacular rise in business. Arriving in St. Louis when a mere boy with only a few cents in his pockets, Diel quickly built up a chain of men's clothing stores here.

For two years after he had lost his entire fortune, Diel, in an effort to support himself and his wife took orders from old customers for other clothing firms. He was not very successful and in 1913 he suffered a nervous breakdown. He went to the City Sanitarium afterwards.

St. Louis, April 7.—Attention Mr. Missouri husband. Awaken and prevent the people with the pace of the snail—the Chinese husband—from rushing ahead of you in one respect. Reporters tried in vain to gather information from the American wives of Chinese merchants attending the Chinese Merchant's and Labor's Association convention. "See the head of the house (hubby)" the women replied.

The reporters then went to the husbands. Harry Moy, one of the Chinese consulted in regard to a conversation with his wife said: "The other delegates might think me a smart alec if my wife should talk. See the King of Chicago's Chinatown." The 'King' was consulted and told reporters that they would have to obtain the consent of several officials of the association.

Jefferson City, April 7.—An attempt to pay John Phelps, clerk of the House Highways Commission, $1.50 a day extra for his services. as sergeant-at-arms during the joint house and senate committees' investigation of the state highway commission and to pay $302 extra to Miss Marie Johnson, a house stenographer, for her work with the committee, precipitated a lengthy discussion in the house but the motion was adopted.

Phelps of Springfield, was the circulator of a petition indorsing United States Senator Reed's speech before the senate. He said he drafted the petition, but it is generally believed he did it at the instance of Kansas City members. Opposition to paying the bills came from the Democrats who signed the resolutions denouncing Reed, though Reed's name did not appear in the debate over the bills. The Phelps resolution got no signers.

St. Louis, April 7.—Delegates from every state in the country will attend a convention here early in June for the purpose of forming the Veterans of the World War Society, Haywood D. Hillyer, general secretary of the American Army Association declared on his arrival from New York where he conferred with Lieut. Col. Theodore Roosevelt, who is in charge of the formation of the veteran's organization.

Merging of the American Army Association with the Veterans of the World War organization will be accomplished at the meeting here, Hillyer says.

TORNADO AT OMAHA

No Persons Were Injured But Great Deal of Property Damaged.

Omaha, April 7.—Dundee and Clifton Hill, subrubs of Omaha, are taking stock today of property damage done yesterday by a small tornado which ripped the roofs from several houses. No persons were injured.

A score or more houses in the western part of the city were lowered and a number of persons injured.

The high wind followed a warm Sunday afternoon just as did the Easter tornado on March 23, 1913, when 150 people were killed in Omaha and several hundred houses were lowered.

INTERESTING TRIP

(Continued from page 1)

attempted the same thing failed.

We went from here over to the Norte Dame Cathedral. It sure is a large structure and very old being built about 1200. To wind up the day we went to the Champs-l'Elysees theatre, which is very large and fine theatre and saw "Let's Go." It was put on by the American Ambulance Service with the French Army. Every bit of it was original. You hardly see anything better anywhere. It sure was great. They were all men. Some were dressed as women and the only way you could tell they were men was by their voices. The Y. M. C. A. had this theatre leased, so the price of admission was free. They held the crowd outside until about time for the show to start then opened the doors. I never was in such a jam in my life. I thought they would kill a bunch of Y. M. C. A. women that were in it. In about ten minutes after the doors were opened every seat in the house was taken and some were standing up. I was luck tnd got a seat in the fourth balcony. General Pershing was there that night. This is the second time I have seen him and got to get a good look at him.

The next day, Sunday, we walked over the city and saw more interesting things. In the afternoon we went through the Louvre which is the largest Museum in Paris, or in the world. I saw many things from Egypt including Mummies, caskets, statues and everything one could think of. I saw one piece of pottery they claimed was made 3000 B. C. or 5000 years old. They had many things they claimed to be 2000 B. C. In the evening we went to the Apollo theatre and saw a fine musical comedy.

Well the next morning we started back to Neufchateau. We left Paris at 10:00 a. m. and arrived at Toul at 3:00 a. m. the next morning. We got into Neufchateau about 7:30 the same morning. This is about a 250 mile ride and could be made in about four hours in the States. You can get an idea of about how speedy these French trains are. We were all in when we finally reached Neufchateau but the time we had was sure worth it.

STABS JUDGE DIVELBISS

R. S. Lyons, Editor of Richmond Conservator, Attacks Richmond Judge.

Richmond, Mo., April 7.—Circuit Judge Frank P. Divelbiss of this city was stabbed nine times by Robert S. Lyons, editor of the Richmond Conservator, who had been arrested. It is supposedly as a result of a political feud, Divilbiss being a candidate for the Democratic nomination for congressman from the Third district at the last primary election, and Lyons being a supporter of Judge Alexander of that district. Lyons was released after Divelbiss said he would not file charges at this time.

BOYS SHOW BIRD HOUSES

Waldo Lemon Awarded First Prize in Boy Scout Exhibition—Plan Another Show April 19.

The bird house exhibit held under the auspices of the Boy Scout Organization of this city, Saturday night at the Scout headquarters under the personal direction of Scout Master M. A. Peery, was attended by over 200 people, and plans are now being made for another exhibit to be held a week from next Saturday night April 10.

Over forty entries, the handiwork of the Boy Scouts and other lads of Maryville, were shown, and the prizes were awarded according to a system of points in which workmanship and originality were the governing factors. A bird house containing 13 rooms, designed and built by Waldo Lemon was awarded the first prize, a Scout knife.

The other prize winning exhibits were shown by Townsend Godsey, second; Don Bellows, third; Harold Green, fourth; Sherman McLeod, fifth and Billy Simonds, sixth.

Honorable mention was given to the exhibits of Edward Tindell, Floyd Cook, John Curfman, Charles Yehle, Harold Miller, Donald Zook and Ned Colbert.

Scout Master Peery announced that the next exhibit will be held at the same place in the Scout Headquarters, and that any boy in this vicinity whether he be a member of the organization or not, is invited to build a bird house and place it on exhibition.

NEW BOARD MEETING

FIRST COUNCIL SESSION UNDER NEW FORM TONIGHT

TO APPOINT A JUDGE

To Take up Matter of Members Salary —Other City Questions To Be Discussed.

The first meeting of the Board of Commissioners under the new commission form of government in Maryville will be held tonight at the city hall, Mayor O. W. Garrett, and Commissioners Roy Curfman and G. B. Roseberry constituting the members of the ocuncil.

One of the principal actions which will be taken at tonight's meeting will be the appointment of a police judge to take the place of the Mayor, who heretofore acted as arbitrator in all city cases. Mayor Garrett announced this morning that Squire W. L. Johnson has been selected for the position and that he will be formally appointed at the meeting tonight.

Another matter which is to receive the attention of the council will be the setting of a time when the offices now located in the city hall building will be moved over to the Library building. Mayor Garrett explained that the rent for the building where the city hall is now housed has been paid up for one month in advance and that it will not be necessary to move the offices until May 1 at the latest. The workshop of the waterworks, he said, which are also located in the city hall building are to be moved to the fire station.

According to the new system of government, the old ordinances are to remain in effect until they may be annuled or ratified by the action of the Commissioners. The plan so far, it is announced, will be to retain the present ordinances until a necessity is found for their change or abandonment.

Mayor Garrett announced that meetings of the new board will be held frequently during the next few weeks until the new system of government is placed on a firm basis of understanding.

A part of the session tonight will be taken up with a discussion of the amount of salary which each commissioner is to receive for his work, and it is expected that a definite figure will be named.

A preliminary or informal meeting of the Board was held Saturday night at which the Mayor and Commissioners in a round table discussion talked over the prospects and problems which will confront them. Several appointments were tentatively decided, it is said, although no definite action could be taken until a regular meeting.

BALKANS FACE IMPERIALISM

New Jugo Slav Nation Includes Large Territory.

Paris, April 7.—The Narodni Novine writes that the demoniac horror of imperialism is showing itself over more terrible in the Balkans and threatens more horrible sonsequences. Possibly those who have taken up the task of regulating the destiny of the Jugo Slav nation have gone mad to the point of showing that their greed has no bounds. The map of the new Jugo Slav just issued embraces all of the old Austro-Hungarian littoral from the border of Tyrol to Spizza. It includes Montenegro, and the greater part of Albina, it penetrates to the sea without regard for the Greek people and comprehends all of Macedonia, even in those ports where the Bulgars predominate.

It extends along Banat, Bacau and Medgyea, thereafter crossing regions which are wholly Maygar and Rumanian. It takes in territory of Carinthia and Stiria, which is almost wholly German. As if that were not enough it proceeds across German Stiria and Lower German Austria, grazes the suburbs of Gratz and runs several kilometers beyond Vienna at the border of the Czecho Slovak state. All of this is exactly as the priest, Korosetch would have it.

Still unsatisfied, colonial aspirations are stimulated. The Slovene clerical sheet steadily urges the Jugo Slav delegates to the peace conference not to neglect their colonial question in any case.

"Already Austria," the newspaper says, "aspired to the possession of Cilicia, and Jugo Slavia, as a Mediterranean state, is the heir of Austria and should demand that colony for herself."

COOPER'S MAJORITY IS 1392

The Official Vote in County Superintendent's Race Was 2,079 for Cooper and 687 for Pierce.

Bert Cooper was re-elected county superintendent of schools by a majority of 1392 over J. W. Pierce in last Tuesday's election. The vote was cast up Saturday by W. L. Johnson, justice of peace, of the various school districts over the county and Cooper received 2,079 and Pierce 687.

LYLE CASE UP TODAY

THE TAKING OF TESTIMONY BEGAN LATE THIS AFTERNOON

JURY PANEL OF 24 CHOSEN

Young Boys, John Thompson, George Gibbs and Charles Thompson Sent to Reform School.

The jury selected late this afternoon was composed of the following: Henry Russell, James B. Horton, Thomas Merrigan, John R. Plummer, A. H. King, J. L. Ballard, Dave Seckington, Ira Hodges, A. R. Robinson, Sam Smith, Luther Clary and George Cole.

The taking of testimony in the case of the State vs. John Sewell, Harry Todd, Neil Somerville, Mose Hahn, Edward Curfman and C. F. Remus, on a charge of felonious assault, Rankin Lyle being the prosecuting witness, commenced about the time we were going to press this afternoon. Up to that time the panel of tweny-four purors had been selected but the jury of twelve had not been chosen, as both the attorneys for the state and defense were out, striking off jurors. The state can strike off four of the panel of twenty-four and the defense eight. The panel is composed of the following:

Frank Pittsenberger, L. B. Campbell, Henry Russell, John Campbell, James B. Horton, Tom Merrigan, George Shoptaugh, J. C. Fryer, Robert N. Barber, John Plummer, Andy Pride, June Blagg, A. H. King, Millard F. Fakes, W. F. Brittain, J. L. Ballard, Ed Crain, Dave Seckington, Ira Hodges, A. A. Robinson, Steve Reach, Sam Smith, Luther Clary and George Cole.

At the conclusion of the morning session, eleven jurors of the panel of twenty-four had been selected. Sheriff Dowden was ordered by the court to call in more men for the jury so as the panel would contain twenty-four jurors.

Five were excused from the panel at the morning session on account of having formed an opinion as to the case and on account of being relating to the defendants.

John Thompson and George Gibbs on a charge of burglary and larceny, were sentenced to the reform school for a term of two years when they pleaded guilty to the charge. The boys are about 17 years ond and their home is in Rockford, Ill. They were recently arrested for stealing some money and other articles from the Martin Pederson home near Guilford. Thompson's brother, Charles Thompson, who is under 16 years of age, was sent to the reform school in juvenal court.

Elmer A. Hunter on a charge of assault and battery, having been arrested last Friday, entered a plea of not guilty.

LIGHTNING CAUSES A FIRE

Big Barn on Workman Farm and Most of Its Contents Burned Last Night—Horses Saved.

A large barn on the Billy Workman farm, eleven miles northwest of the city was struck by lightening last night about 9:30 o'clock, and the building and most of its contents burned.

The barn was 54 by 72 feet, well built and valued at $2,000. The loss of the contents, owned by Ed Sherlock, tenant on the farm, is approximately $1,100 and included one cow, farm machinery, hay, grain and other supplies. The horses in the barn and several sets of harness were saved.

Ray Puckett Released.

INTERESTING TRIP

CHARLES WILES VISITS THE VERSAILLES FRANCE

WRITES OF EXPERIENCES

And of the Many Places He Got to See on His Leave to Paris of Four Days.

The following letter was written by Charles Wiles, who is in Neufehateau, Vosges, under date of March 14, to his brother Carl Wiles of this city:

Dear Folks:

I received your leter yestreday and am very glad to find that you are all well.

Well I just returned from my leave in Paris. Two other fellows that work in the office went with me. We got four nights and almost four days there and sure enjoyed ourselves.

On the first day, in the forenoon we walked about the city, and saw some of the beautiful buildings, statues, bridges, etc. In the afternoon we went to Versailles, which is a few kilometers out of Paris. We went there with a young lady from the Soldiers and Sailors club. In one of the packages you will find two books of pictures, one of Paris and the other of Versailles. In one of these books, I don't remember which one, you will find a picture of the bunch. This was taken in the King Louis XIV Summer Musical Garden.

The Palace at Versailles was begun by King Louis XIII and was completed by Louis XIV who almost put the French government into bankruptcy building it. This caused the French Revolution and formed the present Republic.

It is twenty-seven miles around these grounds. They are covered with lakes, fountains, statues and everything possible to make them beautiful.

You can get some idea of these gardens in the pictures.

The Palace is about 500 years old. It was built about the 12th century. It is an enormous structure and sure is beautiful. The inside is made of marble and bronze. The walls have large paintings of Kings, Queens and other members of Royal families. There are also many paintings of Soldiers, battles, etc. They are sure fine and look like real life. The ball room is sure one fine piece of work. It is about fifty feet wide and about 200 feet long. In one corner of this room the Peace terms of 1870 were signed giving Alsace Lorraine to Germany. The present peace terms will be signed here on the same table and in the same corner giving Alsace-Lorraine back to France. In 1914 when the Germans were within 35 miles of Paris, the Kaiser gave this Palace to the Crown Prince. For some reason or other he never occupied it. I don't know what is the matter, but think the "Yanks" had something to do with it.

Be sure and save all pictures and cards as there is a story connected with each one of them.

We were also in the room where they elect their president. They elect him every seven years, instead of four like we do. We spent the afternoon out there and could have spent a week there.

We went to the opera that evening. It sure is some beautiful theatre. It was built several centuries ago and was the National Academy of Music. It is now the Theatre National de-l'Opera. We saw the Queen of Roumainia there. She is very nice looking and dressed plainly.

The next day we took a walking trip around the city. We went to the Pantheon de la Guerre, where we saw the painting of the war. It is about 48 feet high and about 00 feet long. Every nation of the Allies is represented on it. It sure is a wonderful piece of work. The cards that I send you show only part of it. You can get an idea of it. Notice how the horses, guns, and faces stand out on it. We went from here to the Hotel de Invalids, where the tomb of Napoleon is. This is a home for old soldiers. You will see a picture of Napoleon's tomb in one of the books. It is made of solid marble, mahogany in color. The whole bowl and tomb was covered with sand bags during the war. The altar in the background is sure great. This building is so located and the windows are so arranged that they throw the sunlight on it all the time. It looks like a large lump of gold. This is the only place in the world that has this kind of lighting. The darker the day the more light they have on the altar. This same architect that designed this building tried to do the same with the Vatican at Rome but failed. Others that have

CONSIDER ADRIATIC CLAIM

President Wilson Much Better—U. S. S. George Washington Is Ordered to Brest.

Paris, April 7.—President Wilson is much better today. He worked in his bedroom inspecting expert reports on conditions in Germany. Colonel House sat in for the President at the meeting of the "Big Four" which is now considering the Adriatic claim.

Paris, April 7.—President Wilson has ordered the Liner George Washington to proceed from the United States to Brest immediately. While no official explanation was forthcoming this afternoon, at a meeting of the members of the American Commission it was pointed out that the progress of the negotiations probably will permit the President to leave for home any time he desires after the next ten days.

THE YEARLY REPORT

PRESBYTERIANS GIVE $11,140 TO CHURCH AND BENEVOLENCES

FILL OFFICIAL BOARDS

Number of Administration Boards Reduced to Six Each of Trustees and Elders.

The annual report and election of trustees and elders for the First Presbyterian church, took place yesterday at the morning service.

A slight change was made in the church administration by reducing both the boards to six members each instead of eight as heretofore. The board of elders is now composed of T. M. C. Neff, C. E. Wells, Joseph Jackson, Sr., G. H. Colbert, Roy J. Curfman, and Charles Wadley and the board of trustees of John Richey, Hal T. Hooker, Fred French, Roy Lippman, L. H. Evans, and Joseph Jackson, Jr. These boards will meet in an executive session this evening to elect the other church officers.

The financial report for last year shows a total amount contributed of $11,140. Of this amount $2,760 was given to church support of the local church; $3,606 was given to church benevolences and $4,774 to general benevolences. The last named amount was gifts made to Red Cross, Y. M. C. A., war relief movements and all other benevolences outside of those especially called for by the Presbyterian denomination.

The budget of expenses and benevolences for the coming year is not yet made up but the work will be finished some time this week. An extra pledge for the New Era reconstruction work has been asked for the coming year and each church in the Presbytery is reported to have exceeded its quota except the local church and the canvass is not finished yet.

WEATHER FOR TODAY

Unsettled with showers and thunder storms this afternoon and in the east and south portions tonight, colder tonight; Tuesday partly cloudy and colder; strong shifting winds.

STRIKE IN GERMANY

AGITATION GROWING THROUGHOUT WESTERN GERMANY

BOLSHEVIKIS ARE ACTIVE

Communist Revolution Expected in Germany and Austria—Mutiny in Russian Bolshevik Army.

London, April 7.—A general strike is spreading in western Germany as the result of Communist propaganda, said a German wireless picked up here today, giving a summary of the German situation. The food situation west of Phalia is said to be serious.

London, April 7.—The Bolsheviks are continuing the concentration of troops and munitions on the Archangel front for a big drive in the spring against the Allies and American forces said a Central News elsingfersdisuat.

Copenhagen, April 7.—Martial law has been proclaimed in Serbia as the result of a declaration of war made against that country by the Soviet government of Hungary, it was reported from Vienna today.

Copenhagen, April 7.—German reinforcements are being rushed from Berlin to Weimar to protect the national assembly, according to Berlin advices. It is feared in Berlin that a movement at Weimar against the national assembly will gain dominance and there is much anxiety at the German capital.

Washington, April 7.—A communist revolution is imminent in Germany-Austria, according to advices reaching the state department indirectly from Vienna this afternoon.

Copenhagen, Apirl 7.—Mutiny has broken out in the Russian Bolshevik army in Northern Lithuania. Some of the soldiers have refused to fight the Bolsheviki and are withdrawing from that district.

Berlin, April 7.—The Bavarian government is in full flight from Munich to Bromberg, according to news from Munich. The proclamation of a Soviet government is regarded as only a question of hours, at least according to the reports from the Bavarian capitol.

Berlin, April 7.—A Socialist newspaper prints a statement by General Von Stock Hausen, Chief-of-Staff, in which he is quoted as saying "For us German military commanders these disturbances are the best thing possible, because they are giving people into our hands by awakening the old military spirit." "We won't surrender again," the General was further quoted as saying.

London, April 7.—Bela Kun, the foreign minister in the Soviet government of Hungary has been assassinated and the government overthrown, said a Paris dispatch, quoting a dispatch received in Paris from Vienna

The Centrala Fireside Guard complaisn that women are working the fields of Boone county while able bodied young men both white and black streets of the towns unwilling to work for the wages they can get.

According to the Moberly Democrat, if the Democratic party should be defeated at the next election, the state board of equalization may claim credit as one of the chief contributors thereto. The antiquated ideas of the board of equalization certainly do need redrafting and repolishing.

Along with the fast disappearing freedom of men, the state legislature now proposes to take prom poor down trodden man the right to fish without a license. The federal government has taken his bait and the legislature now wants him to pay a license to sit on the bank of the creek.

The word comes that the President is recovering from his recent indisposition and everybody will be glad to know that it is not serious. The President takes upon himself heavy duties and great responsibilities and it has been generally feared that his strength and health might not be equal to the work he has planned.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

According to a statement by General March the estimated strength of the German army is now only about 820,000 the Bulgarian army has been reduced to 125,000, the Austrian army to 106,000 and that of the Turks to 70,000. The total strength of the Allies on November 11th last was 13,663,000 of which only 25 per cent has been demoblized. About 45 per cent of the American army has been discharged, leaving 2,055,718 still under arms on April 5th. Over 600,000 have been sent home from France and it is expected that men will be returned more rapidly from this time forward. The total estimated strength of the central powers, according to General March, is 1,125,000 or one seventh of their strength last November.

Record Price for Cattle.

Perhaps the largest average price ever paid for cattle at private sale in Atchison county was received Saturday of last week when L. W. Bigley sold seventeen Shorthorns to Ogden & Son, Maryville, Mo., for $13,175—an average of $775.

Mr. Bigley is rapidly coming to the front as a recognized breeder of quality Shorthorns and this high sale was made possible only thru persistent and intelligent effort to produce better cattle than the average. The fact that breeders of the standing of Ogden & Son recognized them as worthy of such a high price is perhaps the most reliable compliment that could be paid to the results Mr. Bigley has secured in his efforts as a breeder.—Fairfax Forum.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorders in the stomach and digestion. Prickly Ash Bitters is a man's remedy for such ailments. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of the heart symptoms and builds up a strong and vigorous body. LOVINGTIME IN HUNLAND.

New Britain, Conn., April 7.—A local boy with the Medical Corps of the American Army of Occupation in Germany writes thus to his mother:

"You see a beautiful girl walking down the street. If she has silk stockings on, she is feminine. If she is singular, you become nominative. You walk across to her, changing to verbal and then become dative. If she's not objective, you become plural. You walk home together. Her mother is accusative. You become imperative. You go in and sit down. The little brother is an indefinite article. You talk of the future. She changes to the object. You kiss her and she becomes masculine, her father is present, things are tense and you are a past participle."

BITE "INDUSTRIAL ACCIDENT."

San Fransico, April 7.—Spider bite is an "industrial accident.' Because it is so decided, Benn Gresswell, late of the messroom of the steamer Manoa, was recently given an award of $303.91 against the Matson Navigation Company by the Industrial Accident Commission.

While working, on August last, when the steamer was near Manilla, Greswell was bitten by a spider.

A finger became infected and was subsequently amputated at a San Francisco hospital.

The award was for the loss of the finger.

A GOOD WAY TO SAVE

"In times like these when economy is so essential, I know of no better way to save than to have the entire family shod with Neolin Soles," writes B. F. Williams, Rochester, N.Y.

In his letter Mr. Williams tells of a pair of Neolin-soled shoes which he has worn constantly for four months. "The soles still look like new," he says.

You, too, will think there is no better way to save, when once you have tried shoes with these long-wearing, comfortable, and waterproof soles. They come in many styles for every member of the family. And good repair shops carry Neolin Soles for re-soling. They are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

"I FEEL JUST LIKE SHOUTING FOR JOY"

Mrs. Biggs Had No Idea Any Medicine On Earth Could Help Her As Tanlac Did.

"When I think about how much Tanlac did for me, I feel just like shouting for joy," said Mrs. Lizzie Biggs of Smithfield, Illinois, "For fifteen years I had stomach trouble," she continued, "and I couldn't eat a bite of anything without being miserable for hours afterwards. I also had bilious spells and my head would ache like an iron band was tied around it and often I would get as yellow as a pumpkin. I was nervous, too, and so restless and figety that often I couldn't go to bed and go to sleep but I would have nervous rigors and many a night I have laid awake waiting and hoping for morning to come and sometimes I couldn't lie in bed any longer and would just have to get up and sit in a chair, for the rest of the night, I finally got so weak that I couldn't have walked a block if I had been paid a hundred dollars to do it and I felt so bad all the time that life was a burden to me. I tried all kinds of treatments and medicines but none of them did me a bit of good and I began to think there was no hope for me at all.

"When I heard about Tanlac doing so much good and decided to try it I was too weak to go for a bottle myself and had to send my daughter. I didn't believe it possible for any medicine to do what Tanlac has already done for me. Before I finished the first bottle my strength began to come back and I could sleep better than I have for years. Of course I ordered some more and kept on taking it accoding to directions and now I feel as strong and healthy as I did thirty years ago. I don't have anymore bilious spells and the headaches are gone and my skin is clear again. When meal time comes I have a good appetite and don't have to worry about what I eat or how much because it all agrees with me. All signs of nervousness have left me and now when I go to bed I fall asleep almost as soon as my head touches the pillow. I don't have to send my daughter to the store for Tanlac now, as I can go myself and only the other day I walked down and bought six bottles. I weighed while I was down there and found I had gained twenty pounds. My daughter and I both think Tanlac saved my life and I never intend to be without a bottle of this grand medicine in my house as long as I live."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley.—Adv.

Bureau of Labor Statistics Urges People to Plant It Early This Spring.

(By A. T. Edmonston.)

Jefferson City, April 7.—Every urban resident having access to a plot of ground available for horticultural purposes is again urged by Commissioner William H. Lewis of the Bureau of Labor Statistics, to plant it early this spring in radishes, lettuce, tomatoes, beets and vegetables to supply family needs and in this way to help to solve the still prevailing high cost of living. Where enough vacant land is available and the soil suitable for the purpose the raising of potatoes, onions and turnips is advocated to increase the 1919 supply of such foods.

Many vacant lots in St. Louis, Kansas City, and St. Joseph and other cities of the state, says Commissioner Lewis, can readily and quickly be turned into thriving vegetable gardens by men and women residing close to where they are located. Where a vacant space is large enough a neighborhood gardening club ought to be organized and vegetables grown on the community plan, each member putting in a certain number of hours, either daily or weekly as may be decided upon, and each paying his share of the cost of planting seeds and the necessary garden tools. All public libraries have books which give full information on how to successfully raise vegetaabls, either on a large or small scale. In cities and towns which have water works a line of hose stretched from a near hydrant will furnish all the moisture needed for vegetables if the spring and early summer should be dry.

The reason why the Bureau of Labor Statistics urges every person who can possibly do so to raise his own vegetables, is that Missouri last fall planted every available acre in wheat owing to the federal guarantee of $2.24 a bushel at St. Louis. A shortage of certain garden commodities is threatened as a consequence, in the Central States

Ballenger-Long.

At a pretty but very simply observed ceremony which took place at nine o'clock Sunday morning at the home of the bride's father, Mr. C. E. Ballenger, Miss Emma Pearl Ballenger became the bride of Mr. Lewis Calvin Long of Shenandoah, Ia The Rev. W. C. Ferguson, pastor of the First Baptist church read the marriage lines in the presence of the members of the family and a few friends. The bride was very becoming gowned in a taupe messaline with trimming of Belgian blue. For several years past she has been employed in the Alderman-Yehle store and previous to that in the Graham-Latimer store. Her kindly courtesy and pleasant manners have made her a host of friends in her business association. The groom is a son of Mr. and Mrs. I. E Long, living near Barnard and made his home there until the past two years when he has resided at Shenandoah. Those who witnessed the ceremony were Rev. and Mrs. Ferguson, Mr. and Mrs. Herbert Wamsley, Mrs Laura Jackson, Miss Naomi Armstrong, Mr. C. E. Ballenger and Miss Ella Ballenger. Mr .and Mrs Long left last night for Shenandoah where they will be at home in the future

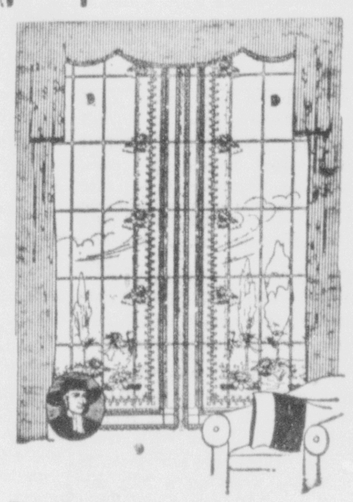
Women May Not Actually Fight for Their Homes, But They Make Them Worth Fighting for

HOME Craft Week has now become a national institution. The best stores throughout this country are devoting this week of April 7-12 to the featuring of the newest curtains, draperies and other merchandise that helps to make the home more attractive.

We are well preared to join in this national movement. We have "a thousand and one" novel or beautiful patterns on display in our drapery department awaiting your inspection. And what's equally important, we also have suggestions as to the most effective ways of using the goods.



The library, above all rooms needs lace at the window to give character to the room and to pleasantly soften the light.

The Newest Vogue

in sectional window lace is Filet Richelieu. Its charm lies in the duotone effect gained by stressing the stems, scrolls or outlines of the design figurees with a heavier weaving than the rest of the design. In sectional lace from 75c to $1.25 per section

In the Japanese Schools

the children are trained to perceive, feel and enjoy what is beautiful in nature. Who Manages The Standard Oil Company?

(*Indiana*)

SEVEN men, who have demonstrated unusual ability in their particular branch of the business, have been entrusted with the task and responsibilities of management.

Mr. Robert W. Stewart
Chairman of the Board

Mr. William M. Burton
President

Mr. Henry S. Morton
Vice-President

Mr. George W. Stahl
Secretary-Treasurer

Mr. Seth C. Drake
General Manager—Sales

Mr. William E. Warwick
General Manager—Manufacturing

Mr. Beaumont Parks
General Superintendent

are now at the head of the Company's affairs. These men, all residents of Chicago, and all actively engaged in this business, and no other, are the Board of Directors.

They are responsible to the 4623 stockholders, and to the public, for the policies governing the Company's activities.

Each Director is a highly trained specialist, who, in addition to being master of his own particular specialty, has a profound knowledge of the oil business generally.

This complete understanding of every phase of the business, from the production of crude oil to the intricate problem of distribution, is the reason for the superlative service given by the Standard Oil Company.

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Ironic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Omaha, Nebr.—"From my earliest boyhood I have seen splendid results from Dr. Pierce's remedies. About eight years ago the 'Golden Medical Discovery' cured me of a hacking cough that had annoyed me for a long time, and I have used the 'Pleasant Pellets' for a number of years as a laxative whenever necessary, and have found them to be just as represented.

"I am always glad to recommend Dr. Pierce's remedies."—*Alex. A. La Londe, 5301 N. 24th St.*

Spends a Day at Bolckow.

Mr. and Mrs. W. E. Goforth and children, Miss Doris Marie, and Donald, spent the day yesterday at Bolckow, the guests of Mr and Mrs. J. H. Goforth.

AT THE EMPRIE TONIGHT

Sessue Hayakawa in "The Honor of His House."

Sessue Hayakawa, the celebrated Japanese moving picture actor, will appear in "The Honor of His House," at the Empire this evening.

Sessue Hayakawa, the celebrated Japanese moving picture actor, will appear in "The Honor of His House," at the Empire this evening.

The basic situation deals with the love of two men, Count Onato of Japan and Robert Farlaw, an American ex-professor of the Sciences in Tokio, for pretty, fickle Lora, a half-caste girl, whose mother was a Japanese and her father an American. The opening scenes take place on board a trans-Pacific liner which is wrecked, leaving, oddly enough, as sole survivors the three principal characters in the drama.

Both men demand the girl. There is bitter enmity between them an a rescue party arrives barely in time to prevent serious trouble. Lora pleads her right to choose, and after they return to the ship the reaction drives Farlow to such excess in drinking that Lora, disgusted, accepts Onato.

Later, Farlow, reenters their lives and having reformed and become a famous man for Lora's sake, the old bond between them is strengthened. Onato becomes furiously jealous and is so blinded by his passion that he believes his wife to be unfaithful. In this state of mind he prepared an elaborate dinner, but, unknown to her, places a deadly germ in her wine.

The night following Onato's dinner, Lora learns that she is to become a mother and joyously announces the fact to Onato, who, thoroughly repentant and horrified at what he has done, works all night to find the antidote necessary to save her. How he is obliged to call upon his hated enemy, Farlow, for assistance in saving the life of his wife, and how he sacrifices his own life in the transfusion of his blood for hers, leaving her with a message to his child to carry on "the honor of his house," is skillfully and interestingly depicted.

BONDS ON EASY TERMS

Payments May Be Made Over an Extended Period.

Terms of payment in the new Victory Liberty Loan, announced yesterday, are the most liberal ever offered by the government. Deferred payments may be extended over a period of six months, from May 10 to November 11.

Secretary Glass announced that 10 per cent of subscriptions would be due with application, on or before May 10, another 10 per cent on or before July 15, and four subsequent installments of 20 per cent each on or before August 12, September 9, October 7 and November 11. Accrued interest on deferred installments will be due with the last payment.

Payment in full can be made May 20, if desired, the 10 per cent, with application, having been paid prior to May 10. Payments also can be completed on any installments date with accrued interest.

Terms of Fourth Liberty Loan permitted deferred payments only over four months and the installments were arranged so that 50 per cent became due in two weeks, from January 16 to January 30, 1919. In that loan banks subscribed for hundreds of millions of dollars and then allowed the public to pay for them over a period of ten months. If similar extensions are given in this loan, treasury officials said, the result should be a great stimulation of popular subscriptions.

Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for 50 years.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is without an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results.

You are invited to write to-day for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. H, Atlanta, Georgia.

MISSOURI STATE LETTER.

St. Louis, April 7.—George Diel, at one time a prominent business man here, died penniless in the City Sanitarium here recently.

Diel's business reverses in 1911 followed his spectacular rise in business. Arriving in St. Louis when a mere boy with only a few cents in his pockets, Diel quickly built up a chain of men's clothing stores here.

For two years after he had lost his entire fortune, Diel, in an effort to support himself and his wife took orders from old customers for other clothing firms. He was not very successful and in 1913 he suffered a nervous breakdown. He went to the City Sanitarium afterwards.

St. Louis, April 7.—Attention Mr. Missouri husband. Awaken and prevent the people with the pace of the snail—the Chinese husband—from rushing ahead of you in one respect. Reporters tried in vain to gather information from the American wives of Chinese merchants attending the Chinese Merchant's and Labor's Association convention. "See the head of the house (hubby)" the women replied.

The reporters then went to the husbands. Harry Moy, one of the Chinese consulted in regard to a conversation with his wife said: "The other delegates might think me a smart alec if my wife should talk. See the King of Chicago's Chinatown." The 'King' was consulted and told reporters that they would have to obtain the consent of several officials of the association.

Jefferson City, April 7.—An attempt to pay John Phelps, clerk of the House Highways Commission, $1.50 a day extra for his services, as sergeant-at-arms during the joint house and senate committees' investigation of the state highway commission and to pay $302 extra to Miss Marie Johnson, a house stenographer, for her work with the committee, precipitated a lengthy discussion in the house but the motion was adopted.

Phelps of Springfield, was the circulator of a petition indorsing United States Senator Reed's speech before the senate. He said he drafted the petition, but it is generally believed he did it at the instance of Kansas City members. Opposition to paying the bills came from the Democrats who signed the resolutions denouncing Reed, though Reed's name did not appear in the debate over the bills. The Phelps resolution got no signers.

St. Louis, April 7.—Delegates from every state in the country will attend a convention here early in June for the purpose of forming the Veterans of the World War Society, Haywood D. Hillyer, general secretary of the American Army Association declared on his arrival from New York where he conferred with Lieut. Col. Theodore Roosevelt, who is in charge of the formation of the veteran's organization.

Merging of the American Army Association with the Veterans of the World War organization will be accomplished at the meeting here, Hillyer says.

TORNADO AT OMAHA

No Persons Were Injured But Great Deal of Property Damaged.

Omaha, April 7.—Dundee and Clifton Hill, subrubs of Omaha, are taking stock today of property damage done yesterday by a small tornado which ripped the roofs from several houses. No persons were injured.

A score or more houses in the western part of the city were lowered and a number of persons injured.

The high wind followed a warm Sunday afternoon just as did the Easter tornado on March 23, 1913, when 150 people were killed in Omaha and several hundred houses were lowered.

INTERESTING TRIP

(Continued from page 1)

attempted the same thing failed.

We went from here over to the Norte Dame Cathedral. It sure is a large structure and very old being built about 1200. To wind up the day we went to the Champs-l'Elysees theatre, which is very large and fine theatre and saw "Let's Go." It was put on by the American Ambulance Service with the French Army. Every bit of it was original. You hardly see anything better anywhere. It sure was great. They were all men. Some were dressed as women and the only way you could tell they were men was by their voices. The Y. M. C. A. had this theatre leased, so the price of admission was free. They held the crowd outside until about time for the show to start then opened the doors. I never was in such a jam in my life. I thought they would kill a bunch of Y. M. C. A. women that were in it. In about ten minutes after the doors were opened every seat in the house was taken and some were standing up. I was luck tnd got a seat in the fourth balcony. General Pershing was there that night. This is the second time I have seen him and got to get a good look at him.

The next day, Sunday, we walked over the city and saw more interesting things. In the afternoon we went through the Louvre which is the largest Museum in Paris, or in the world. I saw many things from Egypt including Mummies, caskets, statues and everything one could think of. I saw one piece of pottery they claimed was made 3000 B. C. or 5000 years old. They had many things they claimed to be 2000 B. C. In the evening we went to the Apollo theatre and saw a fine musical comedy.

Well the next morning we started back to Neufchateau. We left Paris at 10:00 a. m. and arrived at Toul at 3:00 a. m. the next morning. We got into Neufchateau about 7:30 the same morning. This is about a 250 mile ride and could be made in about four hours in the States. You can get an idea of about how speedy these French trains are. We were all in when we finally reached Neufchateau but the time we had was sure worth it.

WHEN TO QUIT ADVERTISING

When the grasspopper ceases to hop
And the cow quits bawling,
When the fishes no longer flop
And the baby stops squalling.
When the dunner no longer duns
And the hoot owl quits hooting,
When the rivers ever cease to run,
And the burglar stops his looting,
When the vine no longer twines,
And the skylark stops his larking,
When the sun no longer shines
And young men quit sparking,
When the heavens begin to drop
And the old maids stop advising,
Then—it is time to shut up shop
And quit your advertising.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
